

GSE Manual Slicer

Product information

The easy-to-operate, ergonomic GSE is an ideal choice for sales or food service - such as in catering outlets, snack bars or fast-food kitchens. This entry-level model has everything which Bizerba slicers stand for: Safety, hygiene, ergonomics and energy efficiency. Deliberately simple technology at an attractive price.

Highlights

Ergonomics and safety

With the carriage mounted on the machine housing, it runs more easily and safely than versions mounted at the bottom of the frame

Sliding grooves in carriage plate, rear wall, gauge plate and blade cover reduce the contact surface with the product which therefore slides easily and effortlessly

11° carriage inclination for easy product feeding

Sharpener completely covers the blade

Spikes on the product holder prevent product from slipping away

Hygienic design

Large distance between blade and motor housing

Plenty of room for easy cleaning

Simple and quick disassembly of components

Enclosed machine housing without edges and corners with base plate

Removable sharpener - no bacteria collection - optimal cleaning
